January 1904 they divided up responsibilities to each quickly investigate and specific other universities.<sup>20</sup> Comparison of the reports led to “the conclusion that as generally to fulfill an interim or special need rather than a permanent rank professorial series.”<sup>21</sup> At the beginning of February 1964, there occurred in the

of the matter of needs for special ranks to meet the  
ges. Dr. **Ed Pelligrino** [Faculty Council Vice Chair and  
Department of Medicine, College of Medicine] presented  
created by the proposed **lecturer** and associate ranks  
ne for people in the clinical area whose responsibilities  
research concept of the professorial series.... this led to  
e other areas such as Agriculture where the problems of  
uggested that perhaps other series of ranks might be  
e appropriately define the functions of individuals than  
nd associate ranks. It was felt that there was need to e  
needs of this type existed in other colleges in the Univ  
culty Council might well consult with appropriate faculty  
letely before acting on the proposal with respect to the
