Hi Janie,

Sorry – I should not have checked that box. Please uncheck it. The course will not change the requirements or the BA PhD.

Best,

Dan Stone

Dan, you "say" on the form that this course is a "new" requirement for the Business Administration PhD program not that it will change the program. Hence the need to have the PhD program changed to include this course. If this is not clear, just let me know.

Thanks Janie,

- 1. The intention was to allow the number of credit hours to be variable by semester.
- 2. The course will not change the BA PhD program requirements.
- 3. The grade should be a letter grade.

Thanks,

We are in receipt of your request for a new course ACC 790.

First, you list the credit hours as 1 or 2 but the meeting pattern indicates 2 Secondly, you indicate the Business Administration PhD program will be change as a result of this course so we will need a change in that program as well.

As a side note, on the request you indicate the grade will be a letter grade but in the syllabus you indicate the grade is P/F. I will hold this proposal until we hear back from you.

We are in receipt of your request for a new course ACC 790.

First, you list the credit hours as 1 or 2 but the meeting pattern indicates 2

Secondly, you indicate the Business Administration PhD program will be change as a result of this course so we will need a change in that program as well.

As a side note, on the request you indicate the grade will be a letter grade but in the syllabus you indicate the grade is P/F. I will hold this proposal until we hear back from you.

Dan, you "say" on the form that this course is a "new" requirement for the Business Administration PhD program not that it will change the program. Hence the need to have the PhD program changed to include this course. If this is not clear, just let me know.

Thanks Janie,

- 1. The intention was to allow the number of credit hours to be variable by semester.
- 2. The course will not change the BA PhD program requirements.
- 3. The grade should be a letter grade.

Thanks,

Dan Stone
