2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

(UK core) ARC 314, ARC 315, ARC 333

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.

General Education Area	Course	Credit Hrs
I. Intellectual Inquiry (one course in each area)		
Arts and Creativity		
Humanities	<u>ARC 314</u>	<u>3</u>
Social Sciences		
Natural/Physical/Mathematical	<u>ARC 333</u>	<u>3</u>
II. Composition and Communication		
Composition and Communication I	CIS or WRD 110	3
Composition and Communication II	CIS or WRD 111	3
III. Quantitative Reasoning (one course in each area)		

¹ Prior to filling out this form, you MUST contact the Associate Provost for Academic Administration (APAA). If you do not know the CIP code, the (APAA) can provide you with that during the contact.

² Program changes are typically made effective for the semester following approval. No program will be made effective until all approvals are received.

³ Note that MA 109 is NOT approved as a Quantitative Foundations course. Students in a major requiring calculus will use a calculus course (MA 113, 123, 137 or 138) while students not requiring calculus should take MA 111, PHI 120 or another approved course.

i. Total Credit Hours Required for Graduation:	133	120

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

- University standards for a Bachelor Degree: 120 Hours
- The National Architectural Accrediting Board (NAAB) specifies the number of cr. hrs. of every professional degree and curriculum program are to conform.
- The reduction is accomplished at the undergraduate level by changing the number of elective hours required to complete the degree. Previously the thought was to build-in hours to complete a minor. The new changes allow for a minor but the student must add the credit hours to their course load.
- ARC 101 is currently a 2 hour course it will be expanded to a 3 hour course and absorb the content of ARC 102, a 2 hour course, which will be eliminated.

Credit Hour Change
FR: School of Architecture
David Biagi, Director

The School of Architecture approved at its Faculty Meeting, September 11, 2013, to change the following required credit hours needed to earn the Bachelor of Arts in Architecture and Master of Architecture.

Current Total Hours:	Bachelor of Arts in Architecture	133 hours
	Master of Architecture	57 hours
National Architectural Accreditation Board: (NAAB)	Bachelor of Arts in Architecture	120 hours
	Master of Architecture	48 hours
SoA Approved Change:	Bachelor of Arts in Architecture	120 hours
	Master of Architecture	48 hours

Rational:

- University standards for a Bachelor Degree: 120 Hours
- The NAAB specifies the number of credit hours of every professional degrees and curriculum program are to conform.
- The reduction is accomplished at the undergraduate level by changing the number of elective hours required to complete the degree. Previously the thought was to build-in hours to complete a minor. The new changes allow for a minor but the student must add the credit hours to their course load.
- ARC 101 is currently 2 hour course, it will be expanded to a 3 hour course and absorb the content of ARC 102, a 2 hour course, which will be eliminated.
- The reduction is accomplished at the graduate level by reducing the number of free electives student take outside the program.
- This proposal reduces the graduate load from 15 hours a semester to a more typical graduate load, 12 hours.
