2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:
 Currently students are allowed to, in consultation with their professional advisor, self select courses to satisfy the University Studies (now General Education) requirements. The Linguistics Program has no preference as to what particular courses are used to satisfy the General Education curriculum.

<i>Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.</i>			
General Education Area		Course	Credit Hrs
I. Intellectual Inquiry (one course in each area)			
Arts and Creativity		<u>any</u>	<u>3</u>

¹ Prior to filling out this form, you MUST contact the Associate Provost for Academic Administration (APAA). If you do not know the CIP code, the (APAA) can provide you with that during the contact.

² Program changes are typically made effective for the semester following approval. No program will be made effective until all approvals are received.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

The Linguistics Major at UK currently enrolls 70 students, with a dozen or so additional minors. To better serve the students we are modifying the requirements of the major by creating a Major Area suite of courses which are core to the discipline and which therefore are required course. These core required courses are phonetics, phonology, morphology and syntax. Currently a student can technically graduate in linguistics at UK without taking any of these core subjects. Thanks to our excellent advisors, this is not a common event but in order to be in line with out benchmark institions we wish to formalize the linguistics students graduating from UK having a demonstrable understanding of the core of the discipline. We are able to increase the total major credit hours from 27 to 33 because over the past five years the number of linguistics course have increased as well as the number of intructors qualified to teach them.

15. List below the typical semester by semester program for the major. If multiple options are available, attach a separate sheet for each option.

Revisions to proposed changes in BA/BS in Linguistics program:

- Item #7:

Current program

LIN 211 – Introduction to Linguistics I (3)

LIN 212 – Introduction to Linguistics II (3)

Plus three of the following:

LIN 318 – Semantics and Pragmatics (3)

LIN 512 – Analysis of English Syntax (3)

LIN 513 – Teaching English as a Second Language (3)

LIN 515 – Phonological Analysis (3)

LIN 516 – Grammatical Typology (3)

For the Linguistics component: Choose 12 hours of linguistics courses

Proposed program

LIN 211 – Introduction to Linguistics I (3)

LIN 212 – Introduction to Linguistics II (3)

Four (4) major area courses:

LIN 500 – Phonetics (3)

LIN 505 – Linguistic Morphology (3)

LIN 512 – Analysis of English Syntax (3)

LIN 515 – Phonological Analysis (3)

Plus 15 additional hours of LIN courses of which six (6) or more must be at the 500 level and distinct from the major area courses.

- Item #10:

Current program

For the related component: 21 hours outside Linguistics at the 300+ level. Courses are generally chosen from such disciplines as anthropology, communications, computer science, languages, mathematics, philosophy, and psychology. 200+ level courses used to satisfy USP and College requirements can also be counted here.

Proposed program

For the related component: 15 hours of additional courses relevant to the major chosen from the fields of anthropology, computer science, modern and classical languages, Hispanic studies, mathematics, psychology, philosophy, or courses approved by the Director of the Program.

Item #13h:

Has the following interpretation.

`b.0=9 means that for 13.b. `Credit Hours of Major's Requirement' there is a range from 0 to 9 credit hours at the 300 level. .

`e.0-15' means for 13e. `Credit Hours of Major Subject in Related Field' there is a range from 0 to 15 credit hours at the 300 level.

The point is that students can satisfy (b) and (e) by mixing 300 and 500 level courses, but that there are rules about the mixing.
