8. Rationale for Change(s): (If rationale involves accreditation requirements, please include specific references to those requirements.)

An update is needed in the HMT curriculum given changes and additions in HMT and NFS courses. We also have always asked our students to take ENG 203 and COM 181, and this codifies that intent. In addition, these changes seek to provide HMT students the best curriculum plan needed to meet the current practices and issues in the hospitality industry.

Re: Change in Hospitality Management and Tourism BS Degree and Courses

The College of Agriculture is forwarding the following curriculum proposals.

1. A change in the undergraduate degree in Hospitality Management and Tourism. This change is primarily to reflect changes in courses within the program which are listed below.
2. New Course
  - a. HMT 360 – Tourism Planning and Development. This will be a new course which will satisfy a major elective requirement in the HMT program.
3. Change Course
  - a. HMT 208 to HMT 308 – Principles of Food and Beverage. Designed to move this course into a higher level of learning, later in the course of study.

These changes were all approved unanimously by the College of Agriculture UG Curriculum Committee on 10/31/2007 and by the College Faculty on 12/6/2007.

Thank you for your assistance.
