2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

There is a need to update the curriculum to meet accreditation requirements. We are adding several new courses so that our majors can stay abreast of current advanced health topics. The program related study area adjustments are in response to amended state requirements and will better prepare our students for success. These changes will benefit the students and best prepare them for being effective health and physical education teachers.
