Re: Biology program changes due to credit hours changes for CHE 105 and CHE 231

The following are the changes to the **B.S. in Biology program**

The change is credit hours for CHE 105 and CHE 231 do not change any requirement for the B.S. in Biology program. There is a change in the distribution of hours.

Current Program:

UK Core and College Requirements	39 hours
Pre-major Requirements	24 hours
Core Requirements	57 hours
TOTAL	120 hours

Proposed Program:

UK Core and College Requirements	39 hours
Pre-major Requirements	25 hours (+1 cr hr for CHE 105)
Core Requirements	56 hours (- 1 cr hr for CHE 231)
TOTAL	120 hours

The following are the changes to the **B.A. in Biology program**

The change is credit hours for CHE 105 and CHE 231 do not change any requirement for the B.A. in Biology program. There is a change in the distribution of hours.

Current Program:

UK Core and College Requirements	45 hours
Pre-major Requirements	20 hours
Core Requirements	55 hours
TOTAL	120 hours

Proposed Program:

UK Core and College Requirements	45 hours
Pre-major Requirements	21 hours (+1 cr hr for CHE 105)
Core Requirements	54 hours (- 1 cr hr for CHE 231)
TOTAL	120 hours
