TRANSMITTAL

Rebecca Scott TO:

Senate Council

FROM: Cathy Owen (1)

Medical Center Academic Council

At its meeting on April 20, 2004, the Academic Council for the Medical Center approved, and recommends approval by the Senate Council, for the proposal from the College of Dentistry to change CDE 815, Fundamentals of Dental Public Health.

Attached are the materials to implement this addition.

Thank you for your attention to this matter.

MEMORANDUM

DATE:

February 16, 2004

TO:

Michael T. Nietzel

Provost

FROM:

Sharon Turner, D.D.S., J.D.

Dean, College of Dentistry

RE:

Curriculum Change Proposal

The Curriculum Committee, acting on behalf of the Faculty Council of the College of Dentistry, has approved and submits for your consideration and approval the application for the following course:

Major Course Change

The following course is a required course.

CDE 815 – Fundamentals of Dental Public Health

<u>Description of Course Change</u>: New course description to appear in the University Bulletin; change from one credit hour to two credit hours based on the inclusion of 28 laboratory hours.

Current Contact Hours: 23 lecture hours Proposed Contact Hours: 23 lecture hours and 28

laboratory hours

Current Credit Hours: 1 Proposed Credit hours: 2

<u>Current Course Description</u>: Fundamentals of Dental Public Health is a first-year course designed to increase student knowledge of concepts of dental public health and dental epidemiology that are used in population based (community) health care. Oral health problems in Kentucky and the U.S. will be studied.

<u>Proposed Course Description</u>: Fundamentals of Dental Public Health is a first-year course designed to increase student knowledge of concepts of dental public health and dental epidemiology that are used in population based (community) health care. Oral health problems in Kentucky and the U.S. will be studied. **Students will participate in external public service activities during laboratory sessions.** Lecture, 23 hours; laboratory, 28 hours.

<u>Justification</u>: Community-based student rotations will be added to give students early laboratory experiences.
