Cross-listed course prefix and number: none

Should the cross-listed course(s) also be dropped?: No

Explain, if necessary:

Why is this course being dropped?: The department currently has both variable credit hour "special topics" courses, and seminars, both of which are arranged based on major research emphasis areas of department faculty. Since special topics courses can be organized as both seminar-type offerings and as a test bed for the offering of new courses, we see having both as redundant.

Will dropping this course change the requirements for any program?: No

If Yes, list the program(s) here:

Has the course been taken by a significant number of students in other colleges/depts?: No

If YES, list the colleges/departments:

If YES, what provision has been made for meeting the needs of these students?:

- <sup>1</sup> The effective data for a dropped course is **the first term when the course is not available**, NOT the last term the course is offered.
- <sup>2</sup> Effective dates are typically the semester following approval. No course will be made effective until all approvals are received.
- <sup>3</sup> Signature of the chair of the cross-listing department is required on the Signature Routing Log.
- <sup>4</sup> In order to change a program, a program change form must also be submitted.
