Subject: RE: PHI 336 as required course for ENS Minor

Dear David,

Yes, absolutely! I'm delighted for PHI 336 to be included in both the major and the minor.

Best,
 David

Subject: PHI 336 as required course for ENS Minor

Dear David,

The ENS Program would like to revise the ENS Minor to have it follow the same Core courses as the ENS Major (except for ENS 400, see below). This would make PHI 336 a required course in both degree programs.

We have graduated from 3-5 ENS Minor students over the past several years but I anticipate that as many as 10 students may graduate with an ENS Minor once the program has been operating for a few years.

Can I have your permission to make this change and have PHI 336 listed as a required course for the ENS Minor?

Many thanks,
 David

As soon as I get all the documents together I'll submit this change to the Minor together with the program change to replace ENG 205 with WRD 425 in the ENS B.A. Major.

Many thanks,
 David
