Dear Undergraduate Council,

On behalf of the faculty of the College of Arts and Sciences, the Education Policy Committee discussed and approved the MCL FLIE Undergraduate Program change proposal 6:0:3 on Tuesday, February 16, 2016.

Sincerely,

A handwritten signature in cursive script, appearing to read "Stephen Testa".

Re: Changes to the Foreign Language and International Economics undergraduate degree program

The Foreign Language and International Economics (FLIE) Coordinating Committee requests your approval for a series of changes to the FLIE undergraduate degree program.

Summary of proposed changes

1. A change in the Economics Core replaces STA 291 with STA 296, which Statistics has developed as a replacement for 291.
2. Changes in course requirements for Spanish-FLIE option accomplish two goals:
 - a. include SPA 310 in the core since it is a pre-requisite for both core and elective classes
 - b. give students a wider variety of language courses from which to choose their electives
3. Changes in course requirements for the Japanese-FLIE option accomplish two goals:
 - a. expand the range of course offerings for FLIE-Japanese majors
 - b. make the Japanese language requirement compatible with other programs within FLIE
4. The addition of an Italian language option to the FLIE program will help students develop their Italian language skills and cultural literacy with a view toward an international career. Italy is the fourth largest economy in the European Union and the ninth largest in the world. Outside of Italy, between 120 and 150 million people use Italian as their second language. Possible careers for FLIE/Italian graduates include international business or law, tourism, foreign and public service, non-profit organizations, fashion and design, and the private sector. U.K. course offerings in Italian have increased in the last four years, and with two full-time faculty members and one part-time instructor, we now have the staffing to cover the required courses. Italian enrollments continue to be strong, and the recent approval of an Italian Studies minor will encourage interest in that language area.

Approvals

The FLIE program is administered jointly by the Department of Economics, Hispanic Studies, and Modern and Classical Languages. Representatives on the FLIE Coordinating Committee from each department, including faculty from all seven languages currently involved in the program, participated in the discussion and approval of these changes. Gloria Allaire has represented the proposed Italian program at all stages of this proposal's development.

Approval for these changes has also been obtained from:

- a. the chairs all departments that share administration of the FLIE program
- b. the faculty of these departments, whose approval is recorded in faculty meeting minutes
- c. the chairs of those departments whose courses are cross-listed in this proposal

Final approval for FLIE program change proposal

To: Brown, Ruth R

Dear Ruth,

Yesterday, January 26, 2016, the faculty of the Department of Modern and Classical Languages, Literatures, and Cultures met and approved the proposed changes to the FLIE undergraduate program. The vote was unanimous and will be recorded in the department minutes.

I would also like to give my own approval of the proposed changes to the FLIE program.

Please let me know if I can provide any further assistance.

Best wishes,

David

Dear all,

I hope that your semester is off to a good start! I write to ask your help in finishing up the last details of our FLIE undergraduate program change proposal. To complete this process we will need a **memo from each chair** stating:

- (1) that you as Chair approve of the proposed changes to the the FLIE undergraduate program
- (2) that the faculty of your department voted on and approved these changes on — date, and that this approval is reflected in the minutes from that faculty meeting.

Thank you for your help, I look forward to receiving your memos.

Subject: Final approvals for FLIE program change proposal

Dear all,

Camille has just told me that we will need a vote from each department listed on the FLIE Program Change in order to submit the proposal. I will need a memo stating that the faculty voted and approved the change.

If you happen to have a faculty meeting before the end of this year, I would be grateful if you could present this proposal and seek their approval. If not, please add it to your agenda for the first meeting in spring.

The good news is that I have been able to obtain the approvals needed from chairs of departments that cross-list with FLIE language options. At this point I believe that all we are missing is a final round of approvals from the department chairs and faculty approval from each department.

The combine proposal is attached to this email for your review.

Best,

2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

The change to the Economics Core is to replace STA 291 with STA 296, which Statistics has developed as an alternative/replacement for 291.

The changes in the course requirements for the Spanish-FLIE option accomplishes two goals: (1) include SPA 310 in the core since it is a pre-requisite for both core and elective classes and (2) give students a wider variety of courses from which to choose their electives.

The changes in course requirements for the Japanese-FLIE option will expand the range of course offerings for FLIE-Japanese majors as well as to make our language requirement compatible with other programs within FLIE.

The FLIE/Italian program will help students develop their Italian language skills and cultural literacy with a view toward an international career. Italy is the fourth largest economy in the European Union and the ninth largest in the world. Outside of Italy, between 120 and 150 million people use Italian as their second language. Possible careers for FLIE/Italian graduates include international business or law, tourism, foreign and public service, non-profit organizations, fashion and design, and the private sector. U.K. course offerings in Italian have increased in the last four years, and with two full-time faculty and one part-time instructor, we now have the staffing to cover the required courses. Italian enrollments continue to be strong, and the recent approval of an Italian Studies minor will encourage interest in that language area.

If a student enters UK and wishes to earn a BS in one of the FLIE tracks and has no prior knowledge of the language and no AP or transfer credit, the major requires 140 hours. It is assumed and advisable that most students completing a FLIE BS will begin at least at the level of the fourth semester language course, thus reducing the major to 128 hours.

300-Language elective courses that cover culture fulfill A&S Humanities for BS
300-Economics courses fulfill A&S Social Science for BS
2 A&S Natural Science Courses count as free electives

UKC = UK Core
FLIE-E = FLIE-Economics requirement
FLIE-LC = FLIE Language Core
FLIE-LE = FLIE Language Elective

Ruth,

As Chair of the Economics Department I approve the changes to the FLIE undergraduate program. Our faculty has voted on and approved these changes, initially at a meeting on April 18, 2015 and then, following the minor revisions in the proposal, at a faculty meeting on December 3, 2015.

Dear all,

I hope that your semester is off to a good start! I write to ask your help in finishing up the last details of our FLIE undergraduate program change proposal. To complete this process we will need a **memo from each chair** stating:

- (1) that you as Chair approve of the proposed changes to the the FLIE undergraduate program
- (2) that the faculty of your department voted on and approved these changes on — date, and that this approval is reflected in the minutes from that faculty meeting.

Thank you for your help, I look forward to receiving your memos.

Subject: Final approvals for FLIE program change proposal

Dear all,

Camille has just told me that we will need a vote from each department listed on the FLIE Program Change in order to submit the proposal. I will need a memo stating that the faculty voted and approved the change.

If you happen to have a faculty meeting before the end of this year, I would be grateful if you could present this proposal and seek their approval. If not, please add it to your agenda for the first meeting in spring.

The good news is that I have been able to obtain the approvals needed from chairs of departments that cross-list with FLIE language options. At this point I believe that all we are missing is a final round of approvals from the department chairs and faculty approval from each department.

The combine proposal is attached to this email for your review.

Best,

Subject: Approval to cross-list courses for Foreign Language and International Economics

Dear Robert and Anna,

I am writing on behalf of the FLIE (Foreign Languages and International Economics) committee to seek approval for our proposed Undergraduate Program Change. Because FLIE is an interdisciplinary major, our various language options often incorporate courses from other departments in their electives. In order to process of proposal we need approval from the department chairs of the programs offering these courses. Might either of you be able to provide this approval? If not, could you direct us to the appropriate contact?

Specific to Art History, the proposed changes to the Japanese and Italian cores include the following courses:

ITALIAN CORE

A-H / CLA 314 Ancient (Subtitle required) (3)

A-H 334 Reframing Renaissance Art (3)

A-H 335 Early Modern Art and Visual Culture, 1400-1700 (Subtitle required) (3)

JAPANESE CORE

A-H 310 Asian Art and Culture

A-H 311 The Arts As Soft Power: The Japanese Tea Ceremony

We would be happy to answer questions about this proposal. I've cc'd the various folks who could help answer your questions on this email.

Many thanks for your help with this process,

-Ruth

Dear Tracy and Hunter,

I hope this finds you both well. I am writing to follow up on our request to include courses from History in the elective options for students in the FLIE-Italian and FLIE-Japanese language options.

If you approve of these cross-listings, could you please respond to this email to let us know? Or, if there is someone else in the department more suited to making this decision, I would be happy to contact him or her.

Please let us know if we can provide further information about these programs. Thank you so much for your help with this process.
