**Subject:** (GLY) CHE 105, 231, 233 credit hours

Dear Prof. Swanson

The following degree programs in our Department require CHE 105:

**Geology B.A.**

Department of Earth and Environmental Sciences

Current Number of Credits for the B.A. degree is 120. This number will not change due to the change in CHE 105 credit hours.

The increase in CHE 105 hours will decrease the number of elective credits.

Date of Department approval: April 18, 2012

**Geology B.S.**

Department of Earth and Environmental Sciences

Current Number of Credits for the B.S. degree is 120. This number will not change due to the change in CHE 105 credit hours.

The increase in CHE 105 hours will decrease the number of elective credits.

Date of Department approval: April 18, 2012

Thanking you.

Sincerely,

tiku ravat
