8. Rationale for Change(s): (If rationale involves accreditation requirements, please include specific references to those.)

Division currently lacks teaching resources to consistently offer prerequisites GER 205 and GER 206. GER 206 has been expanded by one credit to include an addition section on discussion strategies for the upper-division cultural studies classroom as the Division faculty agreed that spoken communication was area in which students preparing for upper-division course work needed the most improvements to succeed. Capstone course was added to offer a culminating experience for majors, facilitate completion of language learning portfolios and encourage independent (faculty supported) research from students.
