Effective Date¹ of Drop:* Semester Following Approval OR Specific Term Select...

Cross-listing

Cross-listed course prefix and number none

Should the cross-listed course(s) also be dropped²? Yes No

Explain, if necessary:

[Large empty text area for explanation]

Why is this course being dropped?³

Justification for Dropping HIS 710, 711, and 712 and Replacing with HIS 701

The History Department wishes to drop three existing graduate research courses and replace them with a new course. The three existing courses are: HIS 710 (Seminar in American History, 1807-1815); HIS 711 (Seminar in American History, 1815-1865); HIS 712 (Seminar in American History since 1865).

The proposed new course will be: HIS 701 - Research Seminar in American History. Faculty may assign a subtitle to the course if they so wish. The course will be repeatable up to a total of 12 credits. MA and PhD students in History usually take at least two 700-level research seminars as part of their program of study.

Will dropping this course change the requirements⁴ for any program? Yes No

If YES⁴, list the program(s) here: _____

Has the course been taken by a significant number of students in other colleges/depts? Yes No

If YES, list the colleges/departments: _____

If YES, what provision has been made for meeting the needs of these students? _____

Is this course currently included in the University Studies Program? Yes No

¹ The effective data for a dropped course is *the first term when the course is not available*, NOT the last term the course is offered.

² Effective dates are typically the semester following approval. No course will be made effective until all approvals are received.

³ Signature of the chair of the cross-listing department is required on the Signature Routing Log.

⁴ In order to change a program, a program change form must also be submitted.
