NEW UNDERGRADUATE MINOR / CHANGE UNDERGRADUATE MINOR FORM

Rationale for Proposal: We are updating our curriculum to include a standard course, KHP 270, Introduction to Health Education and Health Promotion. This course is included in most health promotion programs. We are giving the option of KHP 445 or STA 210 because people coming from other majors often have taken STA 210 and its content is redundant with KHP 445. We are adding KHP 590 (Advanced Health Concepts) to the minor curriculum as an elective. This is a new course and could be useful for some people taking Health Promotion as a minor.

Will this program be printed in the Bulletin?
