2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

Intellectual Inquiry - Choose from list (3 hrs); Humanities - Choose from list (3 hrs); Social Sciences - PSY 100 (4 hrs); Natural Sciences - CHE 105 and 111 (5 hrs); Composition and Communication - WRD/CIS 110 and 111 (6 hrs); Quantitative Foundations - MA 113 or 123 (3 or 4 hrs); Statistical Inferential Reasoning - STA 210 (3 hrs); Community/Culture - Choose from list (3 hrs); Global Dynamics - Choose from list (3 hrs) -> Total Hrs 32-33 hrs

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

The proposed program changes in Human Nutrition are a result of UKCore and changes to course offerings in the statistics department.

Human nutrition students currently take both STA 210 and 291. With the change in statistics, they will now only take STA 296, which will fulfill the UKCore requirement.

To accommodate for the loss of three-credit hours in the program requirements, DHN 318 has been added as a required major-level course, rather than an elective option.

15. List below the typical semester by semester program for the major. If multiple options are available, attach a separate sheet for each option.
