CHANGE MINOR

Once approved at the college level, your college will send the proposal to the appropriate Senate academic council (HCCC and/or UC) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review and then a 10-day posting online, during which senators review on their own and have an option to register an objection if they so desire. If no objection is raised to the Senate Council Office within ten days of the posting the proposal, then the program change is approved. The Senate Council Office will report approvals to the Provost, Registrar and other appropriate entities, including the contact person.

For each proposed change, you MUST also include the existing requirement.

	We would like to provide more flexibility for those minoring in Linguistics in two ways. First, by eliminating the LIN 222 requirement and replacing it with the ability to take any other Linguistics course at the 200 level and above. Second, by changing the requirement of taking one course from Phonetics or Phonology and one course from Syntax, Morphology, Semantics/Pragmatics, and Typology to two courses from this list of six.
