

4 April 2000

TO: Members, University Senate

FROM: University Senate Council

RE: AGENDA ITEM: University Senate Meeting, Monday 10 April 2000  
Proposal to modify University Senate Rules, Section IV – 4.2.2.10 (Engineering  
Standing in Materials Engineering)

Proposal: Delete course in brackets

**4.2.2.10 College of Engineering** (US: 4/25/84; 2/12/96;) Admission to engineering standing in a degree program is necessary in order to be granted a baccalaureate degree in engineering or computer science. Students must complete at least 30 of the last 36 hours of their programs in residence at the University. Specific departmental requirements for admission to engineering standing are as follows. The same criteria are applied to transfer students with the equivalence of courses determined by the Director of Undergraduate Studies. A student must apply to the specific department for admission to engineering standing. Note: The cumulative grade point average includes all college level work taken at the University of Kentucky or elsewhere.

...

### **Materials Engineering**

Completion of ENG 101, ENG 102 (or ENG 105), MA 113, MA 114, MA 213, MA 214, PHY 231, PHY 232, PHY 241, [PHY 242,] CHE 105, CHE 107 and CHE 115 with a minimum cumulative GPA of 2.50 in these courses and completion of CS 221 with a passing grade. University repeat options may be utilized as necessary.

Rationale: The new requirement is more consistent with the admission to engineering standing requirement of other engineering degrees and will improve the quality of students in the materials engineering program. PHY 242 is no longer required.

Implementation: Fall, 2000
