

### Announcements

#### August 2011:

- The SC received the Clinical Title Series report, as per Administrative Regulations 2:6 (see last page of this document)
- Please remember the “substantive change” notification: the SACS liaison will send out a call twice a year to remind appropriate individuals regarding the substantive change policy and to request notification of planned changes that may meet the substantive change definition. An email with this information will be sent out during the week of September 12.
- A new Senate Rule is in effect regarding religious holidays:  
*Faculty shall give students the opportunity to make up work (typically, exams or assignments) when students notify them that religious observances prevent the students from doing their work at its scheduled time. Faculty should indicate in their syllabus how much advance notice they require from a student requesting an accommodation. Faculty may use their judgment as to whether the holiday in question is important enough to warrant an accommodation, although the presumption should be in favor of a student's request. The Offices of Institutional Diversity, the Dean of Students, and the Ombud are available for consultation.*

#### Summer 2011:

- The Senate Council held two Advances this year, with a concentration on learning from last year's initiatives and planning for this year's goals/committee charges.

#### May 2011:

- The Chair approved student to be placed retroactively on December 2010 degree list, because a clerical error in Graduate School prevented the student's inclusion on the December 2010 degree list.
- The Chair granted provisional approval for a change to the Minor in Art Studio.
- The Chair granted provisional approval for series of UK Core courses:
