Sheila,

The SAASC approves this request. Here are my notes.

SAASC Item 15: RN-BSN Admission Requirements

http://www.uky.edu/Faculty/Senate/curricular_proposals/files/RN_BSN_Change.pdf

Overview: This is a request from the Registered Nursing - Bachelor of Science in Nursing (RN-BSN) program to make a few bulletin changes:

1. Applicants to this program must satisfy a (heretofore implicit) GPA requirement: at least 2.5. This GPA is calculated over the existing prerequisite: at least 60 college credits (from specified areas: English, Natural Sciences, Social Sciences, Humanities, Nursing) from an accredited institution.
2. Applicants to this program educated abroad, licensed to practice in KY, should have explicit admissions requirements: earning or transferring at least 60 college credits, with at least a 2.5 GPA, just like ordinary applicants.

My take:

The rationale for (1) is to clarify existing requirements. It does not set a rule for admission, merely a rule for *consideration* for admission. It's most likely a good idea to make such rules explicit so prospective applicants who would not be actually considered know that in advance. The 2.5 bar is pretty low.

The rationale for (2) is to increase the applicant pool. This idea seems fine; there is no academic reason not to do so. The usual rules of transfer credits would apply, I assume. The Graduate School disallows credit transfers from non-domestic institutions; I don't know what the undergraduate rules are, but given our discussion of credits transferred from courses taken through the UK international center, I assume that some international credits might transfer.

Attached please find a request to amend admission requirements for RN-BSN applicants who are educated abroad but are licensed to practice in the state of Kentucky. This is a small population but we are making efforts to include more applicants, particularly when they already hold a valid Kentucky Nursing License.

A second, more minor change is to state explicitly a GPA requirement that has been implicit, therefore aligning all categories of admission.

February 27, 2012

We are requesting a change in the students who are eligible to apply for the RN-BSN option as follows.

2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.
