Lee,

Yes, we were able to find rooms for a common hour final on Thursday Dec 19 from 8.30pm - 10.30pm.

Thanks for your help with this.

**Subject:** Common Hour Final for BIO 155 / Fall 2013 Lee,

As I mentioned when we talked on Saturday, the Biology Department's request for a common hour final for BIO 155 (21 section course) was somehow lost in the system. Is it possible for the Senate Council to approve a common hour final for that course for the Fall. Any day /time would work except for the times when the CHE 105, MA 137 and MA 113 common hour finals are scheduled.

Thanks  
REB
