

Senate Council
January 13, 2014

Proposed Revision to Spring 2014 and Future Calendars - Add New Graduate School Degree List Deadline (April 15)

Background:

In late fall 2013, the SC and Senate approved the University's academic calendars. Immediately following that approval, the Senate approved a new Graduate School deadline of April 15 for application for the early August degree list.

Now, the April 15 date must be added to the previously-approved calendars.

Recommendation: that the SC approve, on behalf of the Senate, the minor calendar change of adding the April 15 Graduate School graduation deadline for the early August degree list, and report this change to the Senate in February.
