MEMORANDUM

To: President Eli Capilouto

From: Joseph L. Fink III, Chair 
University Appeals Board

Re: Report for 2011-12

This is a brief summary of the activities of the University Appeals Board during the 2011-2012 year. During this period the Board handled 45 appeals, ten more cases than last year. It should be noted that eleven of the cases arose from one course and were heard at one hearing session, somewhat inflating the number of cases but not the number of hearings.

Bases for the appeals were:

Academic Ombud has determined the case lacks merit	5
Right to a fair and just evaluation of academic performance	22
Appeal of a determination of guilt in a case of alleged cheating or plagiarism	12
Student Code – Disciplinary Suspension	6

In twenty-six cases the appeal was upheld and in the remaining nineteen the appeal was denied.

I hope this information is helpful.
