MEMORANDUM

To: President Eli Capilouto

From: Joseph L. Fink III 

Re: Report for 2013-14

This is a brief summary of the activities of the University Appeals Board during the 2013-14 year. During this period the Board handled 27 appeals, four more cases than last year. Bases for appeals were:

Academic Ombud has determined the case lacks merit	4
Right to a fair and just evaluation of academic performance	2
Appeal of a determination of guilt in a case of alleged cheating or plagiarism	18
Student Code – Disciplinary Suspension	3

In eleven cases the appeal was upheld and in the remaining sixteen the appeal was denied.

Please let me know if you have any questions about the activities of the Board.

I hope this information is helpful.
