

Two Proposed Motions to be Offered in Response to Item 6 --Ernie Yanarella

Motion: (1) that the Senate Council request from Frank Butler or Angie Martin the data on the Athletics program's annual contribution to the University General Fund and its annual budget beginning with the inception of this practice and continuing through this year; and (2) that the Finance officer offer any more general information about the Athletics program's monetary non-athletic contributions to the University.

Motion: that subsequent to reviewing and interpreting these data, the Senate Council invite Athletics Director Mitch Barnhart to a Senate Council meeting to discuss his views on how and at what level the Athletics program can assist the University in both meeting its primary mission responsibilities and in responding to the current fiscal crisis.
