II. RATIONALE FOR CHANGE(S)

If the rationale involves accreditation requirements, please include specific references to those requirements.

These changes entirely involve possible electives students may take to complete the Ph.D. in statistics. These changes are motivated by 1) STA624 being moved to a "track requirement" within the Statistics M.S. and 2) the inclusion of some CPH courses as possible electives. These courses involve topics not typically covered in the Department of Statistics standard menu of electives.
