CHS Interim Associate Dean for Academic Affairs

RE: Request for changes to the Medical Laboratory Science Program

DATE: April 16, 2012

I am attaching a proposal for changes to the Medical Laboratory Sciences Program. This program resides in the Department of Clinical Sciences. The proposal was recommended for approval by the Clinical Sciences Department and by the College of Health Sciences Academic Affairs Committee. This proposal has my support.

The purpose of the proposal is to change the CHE 105 and CHE 231 program requirements in response to the Department of Chemistry's credit hour changes.

For more information, please contact the Program Director, Dr. Michelle Butina.

Thank you!
