2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

These changes have been proposed to streamline the Sociology major. The total hours required for the major will not change. Instead, the possibilities for meeting requirements in the "Premajor," "Major Core," and "Outside the Major" areas will be made more flexible. For example, the Premajor requirement will still total 6 hours, but students can take 6 hours all at the 100 level, or take 6 hours all at the 200 level, or take one 100 level course and one 200 level course. In the Major Core area, one of the required courses in Sociology (SOC 305) will be replaced with any 300+ level Sociology course. In the Outside the Major area, the same number of 15 hours (3 of which may be at the 200 level) will be required, but students can select from any non-Sociology course instead of a specified list. We believe these changes will increase efficiency for students entering the major and progressing through the major. The changes will not affect the Arts and Sciences college requirements or the Sociology or Criminology minor requirements. The changes may affect the Department of Community and Leadership Development; a letter of support from that department is attached.

- ‡ Incoming Students are Strongly Encouraged to take WRD 112 to fulfill the CC1 and CC2 requirements if they have any of the following: an ACT English score of 32 or Higher, an SAT Verbal score of 720 or Higher, or an AP English Composition score of 4 or 5. If the Student has been accepted into the University Honors Program, the Student is required to take WRD 112, instead of CC1 and CC2.
- * To be discussed with your academic advisor.
- † Students who have taken at least 2 years of a language in high school can complete the A&S Foreign Language Requirement with 3 college semesters of a different language. Students choosing this option should replace the 4th semester of language with electives. Also note that if you take a foreign language placement exam, you may be exempt from 1 or more of the beginning semesters of that language. In this case, replace the by-passed language courses with electives. Any language sequence may be used to satisfy the foreign language requirements - French, German, Greek, or Latin is recommended.
- ◊ 6 hours of 'free' electives - that do not count toward any other requirement - must be taken. Additional electives may be required to reach the required minimum of 120 hours. Consider pursuing a 2nd major or minor.

Ed,

I consulted our faculty on this proposed change regarding CLD 102. As I anticipated, we have unanimous support for the proposed change.

I hope your plan is successful in terms of making it easier to enter the sociology major. As a sociologist, I think it's alarming to see significant declines in the number of majors.

Subject: approval for SOC program change

Hi Gary:

I'm writing because we are making a change to the SOC major that is connected to CLD 102. After our recent 5 year review it was suggested that we streamline the major to make it more flexible. One of the changes we have decided to make is to add more flexibility in meeting requirements at the lower course levels. Currently, we require SOC 101 or CLD 102 and either SOC 235 or SOC 299. We will be changing this to "any two 100 or 200 level SOC courses (including CLD 102)." Because CLD 102 is currently a listed course in our requirements I need to get your approval for this change. An email approval would be fine.

You are welcome to discuss this with me if you would like. As you may know we have been losing majors at an alarming rate and we just want to make things easier for students to enter the major.

Thanks for your time,

Ed
