USee comment description regarding minor course change. Minor changes are sent directly from dean's office to Senate Council Chair. If Chair deems the change as "not minor," the form will 1 appropriate academic Council for normal processing and contact person is informed.

UCourses are typically made effective for the semester following approval. No course will be made effective until all approvals are received.

USignature of the chair of the cross-listing department is required on the Signature Routing Log.

Removing a cross-listing does not drop the other course – it merely until links the two courses.

Cenerally, undergrad courses are developed such that one semester hr of credit represents 1 hr of classroom meeting per wk for a semester, exclusive of any lab meeting. Lab meeting gene least two hrs per wk for a semester for 1 credit hour. (See SF 5.2.1.)

You must also submit the Distance Learning Form in order for the course to be considered for DL delivery.

In order to change a program, a program change form must also be submitted.

Subject: RE: Undergraduate Council Question

#### Got it.

This is for the dance minor (not a major). A handful of the participating students are theatre majors, but mostly from all over the university.

Most of the dance classes are 2 credits. (Incidentally our Dance Minor has grown from 6 minors when we started it 3 years ago to 53+ right now!) We have a limited number of classes in the Dance Minor program, but our students need and want to repeat technique classes so they can continue to perform in the concerts and other performance opportunities. Although they are not REQUIRED to repeat the classes, they would receive credit for them should they choose to take them, or have time within the limitations of their selected major program. Our Theatre Majors have a 45 credit B.A. degree. When you add the 30 credits of UK Core, and 21 credits of a Dance Minor you still only have 96 credits. They could repeat lots of these classes to get to their 120 hours to graduate.

Does that help?

HI Nancy, Yes, but it would help if you could address how they can repeat so many times without impacting degree progression....that seems to be the concern...thanks! Karen

HI Nancy, we are in UGC and reviewing your TAD courses that can be repeated up to 6 times. Can you provide an explanation/rationale for this? How would doing so impact degree completion? Can other college students take these or are they limited to TAD majors? Thanks!! Karen

Phone: 859-257-2350 Fax: 859-323-1030 The following explanation describes the rationale for changing the ability of students to be able to repeat this course. This Dance Technique class will allow students to build on their technical dance skills each semester they enroll in the class. Moreover, students will learn new choreographic material each time they enroll in the class, therefore the class material is not repeated, only the structure of the class remains the same. Our accreditation agency, N.A.S.T. recommends that students be allowed to enroll in performance classes of this nature multiple times, much the same as they would for private voice or music lessons.

## **COURSE DESCRIPTION- "We're Going to Dance!"**

Beginning Modern Dance is a studio class designed for students who have little to no modern dance experience. The class develops a kinetic awareness through cultivating the student's modern technique capabilities, while increasing the students' skills to communicate their thoughts and observations through written work. ## SUBMISSION OF ASSIGNMENTS- Where, When, and Format:

#### > WHERE

BLACKBOARD: All assignment descriptions, additional readings and due dates are located in the assignment module on blackboard, and in this syllabus.

#### > WHEN

All written assignments must be uploaded to Blackboard in the assignment section anytime by 11:59pm of the due date. (If you want to submit it earlier, you can, of course.) Once on Blackboard, please save the file and label the assignment accordingly:

#### > FORMAT

Your Last Name.First NameAssignment1, Your Last Name.First NameAssignment2 and so on. example for Jane Smith: Smith.Jane.Assignment1. Smith.Jane.Concerteritique

Students should avoid using any special characters such as #,;:"'/?!@#\$%^()& or \* in their file names, because it affects the ability to open the file successfully.

All written assignments should use MLA format, Times New Roman, 1 inch margins, and double-spaced, with correct grammar and spelling.

#### > LATE ASSIGNMENTS

All written assignments must be uploaded by 11:59p.m. of the due date. If the assignment is uploaded after that the assignment will not be graded.

## **REQUIRED COURSE ASSIGNMENTS:**

## > STUDIO ATTITUDE/IMPROVEMENT: (100 pts or 20%)

Only showing up to class does not insure a good grade in this class. Each individual must apply themselves everyday in class. This means that a noticeable improvement is being made, corrections followed, and attentiveness given to the instructor. This class can be really fun, but

only if a personal application to movement is made, and a severe dedication to improvement is recognized. Good grades will not be given on "technique" alone. They are based on improvement. The 100 points for studio attitude and improvement is based off the question: Where did the student start in terms of ability and attitude, and where did he/she finish?

#### ➤ OBJECTIVES PAPER: (25 pts or 5%)

#### PAPER OBJECTIVE

The objectives paper serves as a "jumping off" point into the semester for each student. Students will contemplate why they chose to take this class, and how it relates to their personal goals. The goals can be directly related dance technique or to their overall life as a student and human. The paper will also provide the instructor with a base line of where the student is, and where he or she desires to go.

#### INSTRUCTIONS

Write an introduction paper speaking to your previous dance background and what you would like to accomplish this semester. The goals can be directly related to dance, or to some other broader aspect of your life. Some of the questions you might ask yourself while writing this paper could be: What do I want to gain from this class? What can I focus on to accomplish this goal? What previous dance experience do I have? How will my previous dance experience help accomplish this goal? How does dance affect my overall goals as a student? This is mostly an open-ended assignment. It's an opportunity for you to take a step back, and really think about what you want to accomplish this semester.

#### GRADING SCALE BREAKDOWN

3 pts- awarded for using correct formatting, font, and indicating your name on the top of the paper

7 pts- awarded for proper grammar, spelling, sentence structure, avoiding emoticons and slang, etc.

15 pts- awarded for content and pertinence. Papers that are repetitive will have points deducted here.

**REQUIRED LENGTH: 1-2 pages** 

DUE DATE: Saturday, Sept. 7 by 11:59pm

## > POWER POINT PRESENTATION: (75 pts or 15%)

#### PP OBJECTIVE

The Power Point presentation assignment will provide students with an opportunity to further research a modern dance choreographer of their choice. The Power Point presentations created will exhibit a thorough history of the choreographer, as well as an analysis of one of the choreographer's works available on youtube. The students will directly relate material they have studied in class to the chosen work they are analyzing.

## INSTRUCTIONS

Pick a historically significant choreographer. Dropbox their name under "Choreographer Proposal" in the "Assignments" module on blackboard (just the name of the choreographer) by the first due date below to make sure the choreographer is approved by the instructor. Then, prepare a Power Point slide presentation on the history and accomplishments of this choreographer. Make sure your research is thorough and covers all pertinent information. Then,

find a work on youtube choreographed by this individual to analyze (you may want to do this before getting the choreographer approved to make sure you can find a significant amount of footage to analyze). Using this clip, directly relate the material covered in class to what you see on the video. Ask yourself questions such as: what qualities in this dance are similar to what we have studied in class? What qualities are different? What structure is prevalent in this work, and how does it make me feel? Be sure to state any opinions in a clear, objective manner. Try to avoid using the first person. For instance, if the work that you chose made you feel sad, try to avoid saying "It made me feel sad" in your bullet points. Instead, you may say: "Work tends to evoke darker emotions, such as sadness." Create the slides as if you were to present them to the entire class. These presentations will NOT be presented to the class, due to time constraints, so all pertinent information must be clearly displayed through the presentation. Below are specific guidelines.

#### LENGTH GUIDELINES

- -15-20 slides of information
- -Must include a bibliography/works cited slide in proper format of your choice (in addition to the 15 slides)
- -Must include a title slide with the name of the choreographer and your name (in addition to the 15 slides)

(at the minimum you would have 17 slides: 1 title, 15 info, 1 bibliography)

#### **FORMAT**

The general format will look like this:
TITLE SLIDE
HISTORY OF THE CHOREOGRAPHER
IF ALIVE, WHAT THEY ARE DOING TODAY
HYPERLINK TO CHOSEN WORK
ANALYSIS OF CHOSEN WORK
BIBLIOGRAPHY SLIDE

#### **EXPECTATIONS:**

- -Proper spelling required
- -In depth research on the choreographer required
- -Link to work should be at least 3minutes long
- -Slides should not be too "wordy": <u>do not use complete sentences</u>; use concise fragments with pertinent information as in a real presentation
- -Slides should not be too "flashy": Distracting backgrounds and fonts may make it hard to read the text from a far
- -DO NOT USE WIKIPEDIA AS A SOURCE!!!! You will lose 10 points for using Wikipedia as a source.
- -Make sure to include your video link in the presentation for the analysis
- -Please reference the power point guidelines link and Liz Lerman's critical response process on Blackboard (under the "Assignments" module) for additional guidance.

#### GRADING SCALE BREAKDOWN

- 10 pts- awarded for getting your choreographer approved by the first due date
- 10 pts- awarded for not using Wikipedia as a source

NOTE: THE ABOVE GRADING SCALE IS IN ADDITION TO THE ATTENDANCE

REQUIREMENTS LISTED BELOW.

\*\*\*ATTENDANCE TRUMPS ALL.\*\*\*

The only way to learn modern dance is to show up to class! Attendance is mandatory and strict, so come to class and be on time. Most of the work for this course will be done in the studio, so regular attendance is crucial. Arrive on time, appropriately dressed, and ready to participate fully. You are allowed to have 3 unexcused absences during the semester. On your 4th unexcused absence, your grade will be lowered by 1/2 of a grade (or 25 points for each absence) and so on for each additional absence. Repeated lateness will result in a lower grade. If you are ill or injured over a prolonged period of time you must meet with the instructor to discuss how you will complete the course requirements. Think of attendance as a trump card. The student may receive a perfect 500 points in all other sections of the course, but if they have more than 3 unexcused\* absences, they will automatically get a lower grade. Attendance trumps all.

- In order to ensure that the student's attendance is properly recorded, at the beginning of each class, the student should sign in next to only their name on the attendance sheets.
- No makeups in other dance classes will be allowed

#### LATENESS

Please be on time. Class will begin at 12:30. It is essential that your body is fully warm to prevent injury. Also many fundamentals and the session's concepts will be introduced during the warm-up and start of class. If you arrive after 12:30, you will be considered tardy. A severely tardy student will be asked to observe class. Two class observances equal ONE ABSENCE. Repeated lateness will result in a lower grade.

#### **OBSERVATIONS**

Students may observe class only if arrangements have been made with the instructor due to injury or illness. If you observe do NOT sign in on the attendance book. While observing, student should actively take notes on that class and upload these to blackboard later that night under "observations days" in the Assignments section. After the instructor has received the notes online, the student will be marked present for the day. Two class observances equal ONE ABSENCE.

#### **EXCUSED ABSENCES** (see additional school regulations below)

- \*Only students who are ill with a doctor's note will be excused for the class for the day.
- \*All holidays or special events observed by organized religions will be honored for those students who show affiliation with that particular religion.
- \*Absences pre-approved by the school will be honored-please provide documentation.
- \*It is the students' responsibility to keep a personal record of the any missed classes.

#### **EXCUSED ABSENCES**

Students need to notify the professor of absences prior to class when possible. S.R. 5.2.4.2 defines the following as acceptable reasons for excused absences: (a) serious illness, (b) illness or death of family member, (c) University-related trips, (d) major religious holidays, and (e) other circumstances found to fit "reasonable cause for nonattendance" by the professor.

Students anticipating an absence for a major religious holiday are responsible for notifying the instructor in writing of anticipated absences due to their observance of such holidays no later than the last day in the semester to add a class. Information regarding dates of major religious holidays may be obtained through the religious liaison, Mr. Jake Karnes (859-257-2754).

Students are expected to withdraw from the class if more than 20% of the classes scheduled for the semester are missed (excused or unexcused) per university policy.

#### VERIFICATION OF ABSENCES

Students may be asked to verify their absences in order for them to be considered excused. Senate Rule 5.2.4.2 states that faculty have the right to request "appropriate verification" when students claim an excused absence because of illness or death in the family. Appropriate notification of absences due to university-related trips is required prior to the absence.

#### ACADEMIC INTEGRITY

Per university policy, students shall not plagiarize, cheat, or falsify or misuse academic records. Students are expected to adhere to University policy on cheating and plagiarism in all courses. The minimum penalty for a first offense is a zero on the assignment on which the offense occurred. If the offense is considered severe or the student has other academic offenses on their record, more serious penalties, up to suspension from the university may be imposed.

Plagiarism and cheating are serious breaches of academic conduct. Each student is advised to become familiar with the various forms of academic dishonesty as explained in the Code of Student Rights and Responsibilities. Complete information can be found at the following website: <a href="http://www.uky.edu/Ombud">http://www.uky.edu/Ombud</a>. A plea of ignorance is not acceptable as a defense against the charge of academic dishonesty. It is important that you review this information as all ideas borrowed from others need to be properly credited.

## \* This includes choreography

Part II of Student Rights and Responsibilities (available online <a href="http://www.uky.edu/StudentAffairs/Code/part2.html">http://www.uky.edu/StudentAffairs/Code/part2.html</a>) states that all academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-expression. In cases where students feel unsure about the question of plagiarism involving their own work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording or anything else from another source without appropriate acknowledgement of the fact, the students are guilty of plagiarism. Plagiarism includes reproducing someone else's work, whether it be a published article, chapter of a book, a paper from a friend or some file, or something similar to this. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his/her own, whoever that other person may be.

Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student, and the student alone. When a student's assignment involves research in outside sources of information, the student must carefully acknowledge exactly what, where and how he/she employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas which are so generally and freely circulated as to be a part of the public domain (Section 6.3.1).

**Please note:** Any assignment you turn in may be submitted to an electronic database to check for plagiarism.

#### ACCOMMODATION DUE TO DISABILITY

If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (Room 2, Alumni Gym, 257-2754, email address: jkarnes@email.uky.edu) for coordination of campus disability services available to students with disabilities.
