Subject: RE: GC Activity Report

Hi Sheila,

Per my record as of now, we have received **186 courses** of which 183 (The 3 courses, which are still at GC level came to us in late May) of them have been processed, approved, and been transmitted to the SC within the average time of one to two weeks. There were 65 course changes, 25 course drops, and 93 new courses.

We received **40 programs, certificates, and policies** of which 37 (3 programs were withdrawn by the dept.) of them were approved and transmitted to the SC within 3 to 4 weeks

Hope this is helpful, thank you!
