

Senate Council
October 15, 2018

Request for Codification of Calendar-Related Changes
New Fall Break

Background: At its meeting on April 23, 2018, the University Senate approved the implementation of a new fall break. <https://www.uky.edu/universitysenate/senate/2018-04-23>

Recommended motion: that the SC request the SREC codify the new fall break-related change(s) in the Senate Rules and when drafting changes for SC and Senate approval: pay special attention to whether or not the new fall break-related change affects other sections of the SRs; and propose a solution to the problem of having two Senate-approved academic holidays named “fall break” in the University Calendar and the Senate Rules.
