The SAASC convened on Thursday, February 21, 2019 to consider a proposal from the College of Nursing, requesting a change in Senate Rule 5.3.2.6.C, D.

Attendance: Brad Kerns, Shawn Caudill, Azhar Swanson, Tom Toland, Rebekkah Epps, Annie Davis Weber, Herman Farrell (Chair)

Procedure:

Shawn Caudill acted as facilitator of the proposal.

# Discussion:

The proposal is to change the language in the Senate Rules regarding student probation and dismissal in the BSN program. The changes involve substituting the word "dismissal" for the word "suspension in the current rule. As noted in the proposal, in the BSN program, "we dismiss rather than suspend students."

The change also involves the dismissal of students that fail two NUR courses in the BSN program. There was some discussion with regard to the clarity of the language in the proposal on this point. It was suggested by the Chair that the proposal be revised so that section D references section C.3 (in order to avoid confusion with section C.2). So that proposed Section D. Dismissal will read:

"Repeat options are not recognized by the College of Nursing for dismissal decisions based on failure to earn a C (2.0) on the first attempt of any two NUR courses. (See Section C.3.) The original grade received in each NUR course will be considered for the dismissal decision regardless of any grades earned in repeated courses."

# Vote:

A motion was made and seconded that the SAASC approve the proposal requesting a change to SR 5.3.2.6.C.,D with the proposed revision (including a reference to Section C.3 in Section D).

Vote: 6 in favor, 0 opposed.

**RE: Program Change** 

Attached are a program change form and supporting documents for requesting a change in the Senate Rules language for student probation and dismissal in the BSN Program.

To facilitate patient safety in clinical environments and to be consistent with our state and national benchmark schools of nursing, the College of Nursing dismisses students who fail two NUR courses in the BSN Program. Because clinical practice skills diminish when students are not consistently in the clinical environment, suspension is not an academically sound practice in the BSN Program. Consequently, we are requesting changes in the language used in the Senate Rules to better reflect our intended probation and dismissal policies in the BSN Program. We dismiss rather than suspend students under this circumstance and we consider the original course grades when taking this action.

If you have any questions, feel free to contact me, Darlene Welsh, at <u>idwels00@uky.edu</u>.

Cc: Janie Heath, Dean, College of Nursing Kristin Ashford, Associate Dean, Undergraduate Program Joanne Davis, Assistant Dean, Students PLEASE NOTE: To ensure that a series of changes to an existing degree program does not essentially create a new program, the Southern Association for the Accreditation of Colleges and Schools (SACS) requires submission of its Substantive Change Checklist for every program change. Prior to college-level review, you must fill out and submit the <u>SACS Substantive Change Checklist</u> to the Office of Institutional Effectiveness. Contact Institutional Effectiveness (<u>OSPIE@uky.edu</u>) for assistance.

Once approved at the college level, your college will send the proposal to the appropriate Senate academic council (HCCC and/or UC) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review and then a 10-day posting online, during which senators review on their own and have an option to register an objection if they so desire. If no objection is raised to the Senate Council Office within ten days of the posting the proposal, then the program change is approved. The Senate Council Office will report approvals to the Provost, Registrar and other appropriate entities, including the contact person.

For every proposed change, you MUST also include the existing requirement.

Welsh—BSN Dismissal Policy	• Welsh addressed the committee about the need to have a dismissal policy in the CON. She said she other colleges suspend students, but this will not work with nursing. Catlett asked questions to clarify the repeat option portion of the policy (see attached). Davis discussed the College of Pharmacy's approach to progression—there are no automatic progressions in the COP and there is a vote at the end of each semester. Other committee members commented that this would be favorable in the CON. There was also discussion about how this relates to a recent student appeal.	• Hensley made a motion to vote on the presenting the policy to the Undergraduate Faculty Committee and Wilson seconded. The committee approved unanimously.
Wilson—RN to BSN Admits	• There are 12 new applicants that meet eligibility requirements. There are two that need to be discussed because of having a GPA lower than 2.5. These students have been successful academically and Wilson indicated that she believes they can be successful in the RN to BSN program. The candidates also had letters of recommendation. Catlett said she was supportive of admitting these candidates.	• Catlett moved to admit the students and Cowley seconded. All 14 candidates were admitted.
Catlett—Holistic admissions	• Catlett suggested having a spreadsheet with the traditional way of selecting candidates and creating another spreadsheet utilizing the new method and compare the results. Catlett reviewed how the different criteria will be weighted. Davis said the students have been told a different weighting system (60/40) and that changing the system will be unfair to the students who may be adversely affected by the change. Cowley asked how many students had been interviewed to which Davis said close to 280. Welsh said that people with good numbers who may have other issues may not be accepted which may open spots for candidates with lower	• The Committee will discuss weights at the next meeting.

Meeting adjourned at 1:30 p.m.	<ul> <li>GPAs. Hensley asked if there could be legal issues if someone with a 4.0 is not admitted based on other criteria. Catlett said the committee should run scenarios with the numbers to see gauge the success of the system. The question was asked as to what aspects may be a decider if all other numbers are good. It was stated that a lack of diversity in the student body is due to a lack of diversity in the applicant pool.</li> <li>Next meeting will be May 8 from 11:30-2:30 and May 16 from 9-12 for admission decisions.</li> </ul>

#### **GUIDING PRINCIPLES FOR CONDUCTING MEETINGS**

- 1. Listen to all ideas and consider alternative perspective
- 2. Acknowledge and respect others and external guests
- 3. "Call the Question" when discussion is repetitive
- 4. One on one, clear up issues within 3 days
- 5. Avoid talking about an individual or specific situation unless relevant to the purpose of the meeting
- 6. Challenge/criticize the issue/idea, not the person
- 7. Speak for yourself without generalizing
- 8. Have one conversation at a time, avoid side conversations
- **9.** Engage in meeting, avoid phone calls, checking emails, working on laptop, etc.
