AEFIS Implementation

University of Kentucky

Year 1 (March 2021-December 2021)

AEFIS Module	AEFIS Functions	Used for UK Processes
Curriculum Mapping & Outcomes Alignment	• Manage curriculum mapping and outcomes alignment for all academic and non-academic programs • Create relationships among institutional, college, accreditor, program learning outcomes, and course learning outcomes	• Program Student Learning Outcomes assessment • UK Core assessment
Strategic Planning & Data Collection	• Manage and track university-wide, college and department strategic plans • Create and automate program/unit assessment, and more through workflows	• Program Student Learning Outcomes assessment • Periodic Review
Outcomes Assessment & Evidence Collection	• Collect outcomes assessment data and evidence using multiple methods and sources • Reduce instructor workload through automation of assessment data collection • Identify existing assignments from courses or co-curricular experiences as evidence	• UK Core assessment

Year 1 also includes a pilot of Course Evaluation & Feedback

Year 2 (January 2022-December 2022)

AEFIS Module	AEFIS Functions	Used for UK Processes
Course Evaluation & Feedback	• Automate evaluation and feedback campus-wide • Schedule beginning, middle and end of term course evaluations university-wide based on academic calendar • Deploy surveys to students, instructors, alumni, and other stakeholders	• Teacher Course Evaluations (replaces ExploranceBlue)
Self-Study & Accreditation Reporting	• Manage a collaborated self-study by assigning editors & approvers to sections to contribute or review • Preloaded professional and regional accreditation templates • Create and maintain comprehensive evidence bank for collecting and approving evidence for self studies	• SACSCOC compliance reporting

Year 3 (January 2023-December 2023)

AEFIS Module	AEFIS Functions	Used for UK Processes
Faculty Activity & Curriculum Vitae	• Create a central repository for instructor intellectual contributions, service, professional organizations and credentials • Export portfolio based on NSF, and accrediting-body standards	• Faculty Activity Reporting in Digital Measures • No plans to require participation
Outcomes Transcript & Competency Portfolio	• Empower learners with validated evidence of their achievements using Comprehensive Learner Record (CLR) • Enable learners to take their achievements with them and digitally share portfolio with all stakeholders including employers	• No current UK equivalent • No plans to require participation
Course & Syllabus Management	• Create syllabi templates and central repository of policies that are hierarchically organized • Seamless LMS integration for instructors and students • Display related institutional, college, accreditor and program learning outcomes • Archive previous term syllabi	• No current UK equivalent • No plans to require participation
