Background Information for Proposal

Agenda Item Name:	**Waiver of SR 2.1.2.3 and 2.1.2.5**
Rationale for proposal:	Allowing a week between the spring and summer semester is less restrictive than Senate Rule 2.1.2.3 and 2.1.2.5 and more amenable for the campus overall. I am requesting a waiver of Senate Rule 2.1.2.3 Summer Session and 2.1.2.5 Summary (specifically related to when summer session begins), in order to expedite approval of the 2023-2024 Academic Calendar. The rationale for the waiver request is that a week between the spring and summer semester in the 2023-2024 Academic Calendar, which is less restrictive than Senate Rule 2.1.2.3 and 2.1.2.5, is more amenable for the campus overall. There is a structural calendar used by the Registrar and shared with the Senate that has these dates, which were used to build out the comprehensive 2023-2024 Academic Calendar that was submitted to the Senate Office on August 25, 2022.
