

The SAASC convened on Friday, April 13, 2018 to consider a proposal from the College of Engineering, Department of Electrical and Computer Engineering (Computer Engineering program) to change credit hours to 128.

Attendance: Dan Morey, David Hulse, Dan Howe, Kevin Donohue, Brad Kerns, Rebecca Kellum, Herman Farrell (Chair), Annie Davis Weber (ex-offiicio).

Procedure:

Herman Farrell acted as facilitators of the proposal.

Discussion:

Farrell noted that this proposal is similar to other proposals from the College of Engineering recently approved by the SAASC, SC and US involving a reduction in total credit hours for a specific engineering program in order to comply with a CPE mandate that the total credit hours not exceed 128. The supportive elective (3 credit hours) will no longer be required. This proposal also involves the addition of a new 1 credit course, CPE 200. The committee confirmed that the new course had been approved through SAPC.

Vote:

A motion was made and seconded that the SAASC approve the proposal proposal from the College of Engineering, Department of Electrical and Computer Engineering (Computer Engineering program) to change credit hours to 128.

The committee voted 7 in favor, 0 opposed.

**CHANGE UNDERGRADUATE DEGREE PROGRAM**

*PLEASE NOTE: To ensure that a series of changes to an existing degree program does not essentially create a new program, the Southern Association for the Accreditation of Colleges and Schools (SACS) requires submission of its Substantive Change Checklist for every program change. Prior to college-level review, you must fill out and submit the SACS Substantive Change Checklist to the Office of Institutional Effectiveness. Contact Institutional Effectiveness ([institutionaleffectiveness@ukv.edu](mailto:institutionaleffectiveness@ukv.edu)) for assistance.*

*Once approved at the college level, your college will send the proposal to the appropriate Senate academic council (HCCC and/or UC) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review and then a 10-day posting online, during which senators review on their own and have an option to register an objection if they so desire. If no objection is raised to the Senate Council Office within ten days of the posting the proposal, then the program change is approved. The Senate Council Office will report approvals to the Provost, Registrar and other appropriate entities, including the contact person.*

**For every proposed change, you MUST also include the existing requirement.**

Dear Barbara Brandenburg,

Thank you for your email regarding the proposed program change(s) to Computer Engineering, BSCOE (14.0901).

My email will serve 2 purposes: 1.) Next steps for SACSCOC, and 2.) Verification and notification that you have contacted OSPIE—a Senate requirement for proposal approval.

1. **Next steps for SACSCOC:** None required
2. **Verification that OSPIE has reviewed the proposal:** Based on the proposal documentation presented and Substantive Change Checklist, the proposed program changes (refer to list below) are not substantive changes as defined by the University or SACSCOC, the university's regional accreditor. Therefore, no additional information is required by the Office of Strategic Planning & Institutional Effectiveness at this time. The proposed program change(s) may move forward in accordance with college and university-level approval processes.

List of Proposed Change(s):

- Reducing credit hours from 130 to 128 due to CPE mandate.
